tion of Gen. Obregon, it is said in some circles tonight that it is not believed that President Coolidge will care to have Mr. Morrow leave there at this time. The report, however, is that, failing to procure William M. Butler for the post, President Coolidge wishes to have Mr. Morrow in the Cabinet, even if the appointment has to ce delayed.

Ambassador Morrow and President Coolidge were classmates at Amherst, and have been close friends ever since. It will be recalled that it was through this friendship that the President persuaded Mr. Morgow to retire from his partnership in the banking house of J. P. MOSES OFFERS G.O.P. SLOGAN

"Hoover or Havoc" proposed as Catchword in Campaign to Strike at Smith

His Services

Western New York Declared

Strongly G.O.P.

Oklahoma, Maine, Virginia

NEW YORK, July 30. (P)-"Hoover or Havoc" is the campaign slogan coined by campaign manager, he said

today. The attack of William Allen White, Kansas editor, on Gov. Smith's legislative record as to liquor and vice will have a material effect on the Dem-ocratic nominee's status in

er and business man, at a cabin perched on a low hillside in the gorge through which the Kiamath makes its way southwestward.

Before leaving Medford for the last sixty miles of a run over the sisktyou Mountains, Hoover spent two hours casting in the Rogue River at the Big Creek Lodge, fifteen miles from Medford. He had no luck, as the enterprising photographers, both local and those who accompanied him from Stanford, pursued him so closely in an effort to get a shut of him landing a steelhead trout that the fish would not bite.

Cutting his day there short, Mr. Hoover motored into Medford and there reorganized his party for the run to Brown's Camp, where he is to remain until Wednesday evening, when he will board a train for his return trip to Palo Alto.

After lunch here the nominee donned his fishing togs and rode for a distance down the river, where he spent several productive hours seeking mountain trout.

Move the Pantry Into Your Refrigerator Keep Food Safe from Bacteria

MOST of the food you keep in the pantry would be better kept in a refrigerator. And if you have a General Electric Refrigerator of the size which has become popular in thousands of American households, you will have enough food storage space for everything that is subject to spoilage.

The roominess of our Model 95, the favorite size for most households, permits you to really store food and keep it fresh and wholesome as long as you wish. For families of two people, smaller models are satisfactory, but you will want the "se-dan" rather than the "roadster" size for any large family. And this larger size also makes available at one time 28 pounds of ice cubes.

The General Electric Refrigerator is radically different from all others-"years ahead" in design. All the mechanism is up on top, sealed in an air-tight steel casing;

so simple and automatic that it never even requires oiling. And quiet!-eight operating at once in one of our showrooms make no disturbing sound.

The price of this aristocrat of refrigerators is \$510, delivered and installed. The even larger size illustrated costs \$590. The cost may be spread over twelve

Make this lifetime investment in healthful living. Enjoy all the conveniences which this modern electrical servant brings. Visit one of the stores listed below and actually see what a General Electric can mean to your home and family.

Pinto is a new face here. He daims to have held Vacca to a draw back east and has beaten Buffalo Tommy Ryan and French Balenger. He is a 21-year-old Italian so should be improving instead of going back.

VACCA POPULAR

Vacca is one of the best-liked boxers in Los Angeles just now. He hasn't won a fight yet, but the fans give him bigger hands than the winners.

It is quite probable that Vacca will be sent against LaBarba following the Graham match. There is always an angle to a meeting between Pidel and the organ-grinder. Vacca came close to stopping LaBarba when he was flyweight champion in Boston.

Joe Mancillas, star Mexican featherweight, boxes Billy West in the Olympic special event. It is a six-rounder.

It is the first time Mancillas has shown in the Olympic. He has never yet, lost a fight and claims to be the only undefeated Mexican fighter in the country.

One-Time Utah Executive Flyers Urge Next Year's Found Wounded in Garage Excursion be Made Under Different Auspices and Dies Soon After

DETROIT, July 30. (P)—A petition requesting that next year's national dir tour be managed by some other group than the Detroit Board of Commerce and expressing dissatisfaction with the management of this year's event, which was concluded here Saturday, was presented to William B. Mayo, chairman of the tour committee, by participating pilots tonight.

In the petition the flyers complained of the advance preparations and the handling of the fleet during the flight. They said the actual flying operations were hampered seriously by the managers in not permitting the referee to have complete charge of the flights.

The petition also asked for an accounting of the 480,000 fund raised here and along the flight route.

Mayo told the flyers the complaints would be investigated impained his absence with the statement that he merely wanted to think over in solitude several questions confronting him.

1913, page 681. This bill was from the Excise Committee, which Smith appointed.

It is inconceivable that he has not changed his mind since he left the Assembly. But the record is the record built in the days of his youth. It is no new thing in this State. His votes on these measures have been printed time and time again in New York elections and, outside of the City of New York, generally New York State people have voted overwhelmingly against Gov. Smith and that record He has lost on that record outside of the metropolitan area time and time again. No one believes—least of all do I believe—that Gov. Smith today is the kind of man that made the Assembly record. Gov. Smith has done many splendid things since then. He has grown in power and grace. But the record stands Alb answer to it should not be an alibl, and lacking repudiation the record stands as a foreshadowing portent of what may be expected from Gov. Smith in the White House. A word from him, now that he has the nomination of a major party, would seem necessary at the outset in this campaign.

I have tried to be exact and careful in setting down the record. But if errors typographical, or factual, have been made inadvertently, I shall be the first to acknowledge them. ENTHUSIASM WANES

While public-utility earnings, both in California and elembere, are satisfactory, the disposition on the part of the public to re-enter this group on a large scale is lacking. Probably the Presidential campaiga thas something to do with this attitude, and not anything affecting current operations of the industry.

Once again it appears that the oil industry, at least on the Pacific Coast, has killed the rising enthusiasm of the traders for oil shares. The senselus price squabbles among the gasoline marketers have been and enough, and now the producing divisions have gone and drilled into new deep sands and discovered new fields. The effect of the addition of this hew oil to the available supply will be offset somewhat by the fact that it is light oil, not heavy.

From a technical point of view, the market still shows a disposition on the part of the larger operators to liquidate on the buiges, presumably on the theory that there is at least another major correction due before a genuine upturn can be promoted.

San Gabriel Dam to San Pedro Lighthous

FROM the mountains to the sea, South-ern California finds a multitude of uses for cement. Hydro-electric, flood control and irrigation developments—office buildings, factories, homes—roads and streets stretching in every direction—bridges, sea-walls, lighthouses which dot the coast line all depend on cement as a basic material.

The great San Gabriel dam to be erected by Los Angeles County is an outstanding example. According to the present design this structure will contain 4,250,000 cubic yards of concrete, requiring over 13,600,000 sacks of cement, an amount in itself greater than the annual capacity of Southern California's largest cement plant.

This diversity of uses ranging from important factor in the stability perity of the cement industry in California Comment enjoy a year-round market without desired ter shut-down necessary to Bassan and facturers.

An investment of outstanding ment of of California's leading cement com-is offered by the First Preferred Social Riverside Cement Company, priced at the per share, to yield 6%. During its eather eighteen years of operation its base earned a substantial profit in each case.

"The Age of Coment," an interesting, illustrated brochure telling you more about this great industry and the Riverside Comens Company, will be mailed on request, without obligation. Call, phone, or write for it.

Shrewd Investors Buy When Others Sell

DURING the past two months high grade investment bonds and preferred stocks have been sold in larger amounts than the market could absorb.

This investor enjoys the rare opportunity of acquiring good investments at prices far below their intrinsic worth. He is in a position to profit sizably through an economic situation which has caused high grade securities to be thrown on the market for any price they would bring. We urge that prevailing prices be taken advantage of promptly. In our opinion the present era of sound investments on the bargain counter is a purely temporary situation.

We have prepared a special list of sound investments which we believe will appeal to the shrewd investor who wishes to take advantage of the situation as outlined above. Just phone MUtual 5122 for a copy or use coupon below.

COMPLETE PROTECTION

VARIOUS terms, such as "Safeguarded Investments," "Protected Securities," etc., have been used more or less indiscriminately to imply that some sort of special provision has been made for the safeguarding of the investor - in many instances personal or corporate "guarantees" of doubtful worth.

Nothing short of complete protection, however, should be accepted by the investor who seeks safety of principal and certainty of income.

Complete protection has been provided in the Insured First Mortgage Certificates of the Mortgage Guarantee Company by combining these three major

(a) The soundest form of security in existence, namely, conservative first liens on improved, widely diversified real estate in the settled and growing communi-ties of California, said liens never exceeding 50% of the appraisal values.

(b) Insurance of both principal and interest, issued by this Company (with paid-in capital, surplus and undivided profit of \$7,000,000 and resources of \$70,-000,000) under the stringent Mortgage Insurance Act of Cali-

(c) The highest form of moral responsibility, attained through a board of directors whose personal investments in the capital stock of the Company (as prescribed by the by-laws) cannot be less than 100 shares—\$10,000 par—each.

This extraordinary combina-tion of sound underlying security, insurance of both principal and interest under the supervision of the State Insurance and Banking Departments, and the thoroughly responsible sponsorship of one of the strongest institutions of its kind in the United States, constitutes unquestionably the most complete protection for both institutional and private investors.

Moreover, the Insured First Mortgage Certificates of this Company are issued in the most convenient form possible, are free from market fluctuations, and yield 5% to 51/2 % (depending on maturity), free from all California taxes. They are legal investments for banks, insurance companies, and trust funds, and especially adapted to the highest requirements of ultra-discriminating investors.

Your request on the accompanying coupon for further information, will be given prompt attention.

Rio Grande Continues to Feature Local Trading to Score New Top Price

Rio Grande Oil was again the outstanding trader yesterday on resumption of the week's operations on the Los Angeles Stock Exchange. On a jump of 2% points the stock marked another new peak price reaching a high of 42%. After more than 22,000 shares were transferred it closed at 42%, up 2 points on the day. Other oil stocks excepting Republican Petroleum, traded lightly and few changes were recorded. Such as the stock trading was dull.

Republic Petroleum, on reports of the successful drilling of a 2000-barrel well near its property in the Midwest-Sunset field, showed considerable strength and advanced 2 cents to a high for the day at 79. It closed at 77. Richfield eased off 5-8 to 46 1-4 and the warrants, 1-2 to 17. Union of California closed steady at 50 3-4 and Union Associates was unchanged at 50 3-4. Standard of California sold firm at 136. Security Trust and Savings sold unchanged at 518. Stock transfers totaled 126,410 shares. There were no bond transactions.

Earns Attractive Returns to Investors in This Conservatively Managed Company.

One of the most important parts of modern business is the financing of merchandise from the time it leaves the factory until it is delivered and paid for by the merchant and the consumer.

Commercial banking enjoys many distinct advantages for safety and profit over ordinary businesses. Capital is kept in quickly liquid condition-allowing several capital turnovers a year. No portion of it is tied up in plants or equipmentavoiding fluctuations in inventory values and depreciation in equipment. Operating in a branch of this busi-

ness, which has been successful in New York for more than fifty years, is Pacific Factors, Inc.—a Southern California institution which has never had an unprofitable year. This conservatively

managed company deals in short time obligations of responsible firms handling essential products (not including automobiles). It is practically without competition in its principal fields, and has an almost unlimited source of business.

Gets Small Well

The Standard Oil Company has completed its Baldwin-Clenega No. 64 well in the northeastern part of the Inglewood field, for an initial production of 210 barrels a day, according to officials of the company. The well was completed at a depth of 2080 feet.

The Standard is testing its No. 8 well on the Thompson lease in the southeastern part of the Huntington Beach field, but is getting only about forty barrels a day, of which about one-third is water, it is reported. The well is down 6171 feet, and is one of the deepest holes in that part of the field.

THERE'S A REALTOR . . deserving of the hon-or . . that came to him . . and Southern California realtors . . when realtors of the United States . . made him . . their Grand Master . . of an Ancient and Honorable Profession.

REPRESENTING ALL REALTORS . . his trusteeship . . has that importance . . epitomized by Adam Smith . . the economist . . some hundred years ago . . when he said . . that real estate . . is the basis . . of all wealth.

Through 35 years.. those of us.. in the MU-TUAL.. Building and Loan Association.. of POMONA.. have known.. and trusted.. the leading real estate men of Southern California.. in whose hands.. the growth and prosperity.. of our communities.. has been moulded.. so powerfully.

Your neighborhood realtor . . near your property . makes his own prosperity . and yours . . by the depth . . of vision and good judgment . . with which he studies . . and promotes . . your neighborhood growth . . and your community betterment.

When we make loans . . through 35 years . . without loss . . we are utterly selfish . . as you should be . . in knowing . . these local realtors . . these Trustees of Prosperity . . whose good will . . and cooperation . . has brought State records . . to the old-fashioned . . MUTUAL . . Building and Loan Association . of POMONA tion . . of POMONA.

And we've known . . with love and respect . . this boy . . this man . . through 20 years past . . as gray hairs . . and honors . . have come . . to that representative realtor . . HARRY CULVER.

Su Debilidad por los Ojos Anules le Resulta muy Cara

Su preferencia per ojos de color arul le salió costando ayer a Fred Mills, en la sala del jues Bowron, una esposa y la suma de \$25,000 en bienes.

Encontrábase alli Catherine Mills en solicitud de divorcio. Declaró que Mills le había contado que conocía a una muchacha cuyos ojos arules le atraían más que los castaños de su esposa. De resultas de tal preferencia, hicieron división de bienes, y la señora Mills recibió una porción de ellos valuada en \$25,000. Y el desenlace de la situación fue que la de los ojos azules rechazó al voluble marido.

Como quiera que la cosa haya ocurrido, Mills se opuso a la demanda de divorcio, y pidió que no tuviera efecto la división de bienes. Pero el juez Bowron proveyó que la esposa tenía derecho al divorcio y a los bienes.

LARGE LIOUOR PLANT RAIDED

West Adams-Street Hous Found to be Distillery

Three Men Seized in Chase as They Flee Scene

Great Quantity of Mash and Alcohol Confiscated

pping down on a residence in clusive West Adams-street ristrict, a raiding force of combined Federal and city prohibition officers yesterday uncovered one of the largest and most complete distilleries ever raided in Los Angeles,

Forty-three 300-gallon tanks Forty-three 306-gailon tanks of mash, two 506-gailon stills, approximately twenty five-gason tins filled with alcohol, almost a ton of sugar, and hundreds of boxes of yeast were discovered in the residence at 2234 West Adams. Federal Prohibition Officers H. T. Chenoweth and Charles Cass arrested three mongiving their names as Jack Wilson, Seth Walker and C. J. Jackson, after two short automobile races.

BOUNDED UP BY AUTOS The two officers, while watching the suspected house, saw Wilson live away and followed him. He was stopped a short distance away and several packages of yeast and a quantity of sugar were found in the car. While the officers were examining him, another car drove up, stopped momentarily, then hurfiedly drove away, but not before Cass had obtained the license number.

Cass had obtained the license number.

The two excess, leaving their prisoner with another episoner with another episoner with another episoner with another episoner of the suspected house and saw the second carparated near the suspected house and saw the second carparated near by, the occupants apparently swaiting any developments. They were overtaken after a short shase, and a quantity of sugar, together with mash-stained overalls employed in paper, were found to the back of the car. The men gave their names as Walker and Jackson, although the car is registered under the name of Ralph Snyder, 5151 Vermont avenue, Jackson, who gave his address as 114 West Seventeenth street, claimed to own a ranch a short distance north of San Prancisco.

The two excess, leaving their prisoners distance north of the suspected in a raid yesterday at 2234 West Adams street. Other lifticit liquo manufacturing paraphernalis were confiscated and three men we arrested.

Several were said to have escaped by leaping out of windows and scrambling over a rear ignore.

Agnes Albert, 25 years of agc, a cook, said to live in the house, was charged with possession. Telesfore Perfola its said to share the house.

HOUSE SEARCHED

After placing the three men under guard, the entire Federal squad, aided by the University division vice squad under Walter Boen, went through the three-story house, finding the two stills on the top floor, and caches of the alcohol on the second floor and in the basement. The forty-three tanks of mash were en the top floor with the stills.

Papers found on Wilson included an order placed with a local can company for 150 five-gallon time, and a notebook containing what the officers declared to be a system of delivery dates and locations. The car driven by Wilson is registered limiter the name of Earl Johnson, 1405 Benton Way. Other papers in the trio included a number of cards advertising the "Johnson Smith." a speed boat owned by Marvin E. (Doc) Schouweller.

Additional evidence of what the officers thought to indicate a combine in "bootleg" circles were the fact that Wilson was mixed up in a gang apprehended in a raid in Commercial street some time ago, and that the mash time are identical in construction with those seized in a raid on Hollywood Boulevard two months ago. No evidence was uncovered to indicate that the tins were the same as those seized before.

"The ONE BULLOCK'S "The SALE OF the Year" AUGUST CLEARANCE Year"

Tomorrow---Wednesday August 1

The first day of Bullock's August Clearance!

To thousands of men and women in Southern California this simple statement will be sufficient.

For twenty-one years Bullock's August Clearance has been a significant event in the shopping activities of this great Southwestland.

"The One Sale of the Year"

It commands the resources of Bullock's, presenting values in every section of the store.

It is an annual stock-clearance for Bullock's own stocks, and augments its activities with much specially purchased, specially priced merchandise.

It is a big, enthusiastic, happy, smooth-running shopping occasion for everyone! An event of unbounded possibilities for savings!

The very proportion and extent of it! The spirit that runs through every minute of it! The character and purpose of it!

The whole wonderful individuality of it, make it worth attending regardless of your needs!

Busy, busy, busy as a thriving mart—happy moments, flying by with opportunity on every side.

Many additional willing hands to serve you in the Bullock Way! A great, united determination to give the best of value and of Service within the possibilities of this business!

If all of the splendid merchandise could be catalogued! If prices could be compared

with regular levels and listed! If all of this could be done in one simple announcement, brief enough to be taken in at a glance—how fast you would hurry to Bullock's Wednesday morning!

Such, if it could be done, would be the story of Bullock's August Clearance from standpoints of merchandise and of value. In Silks! In Cottons! In Woolens! Linens and Bedding! Wearing Apparel for men, women and children! Silverware and Furniture! Rugs and Draperies! Handbags and Gloves!

Furs and Jewelry! Shoes and Hosiery! Toilet Goods and Notions! In fact, the entire extent and diversity of Bullock's many sections.

Upstairs and down, from the Homefurnishings on the Sixth and Seventh Floors to Bullock's Basement Store—that splendid store of values in itself—which will have its own presentations and its own enthusiastic attendance.

No one should stay away! The purpose of Bullock's places strong stress upon Service as well as Sales Making!

Come! Come! Come! And be prepared for the shopping occasion of the year!

SOCIETY

At a beautifully appointed lunch

At a beautifully appointed luncheon given yesterday at the Women's Athletic Club Mr. and Mrs. Hilbert H. Pearsall of 354 South Ardmore avenue formally announced the engagement of their daughter Ruth to Douglas Williams, Jr., son of Mr. and Mrs. Douglas Williams of this city.

The table was bright with decorations of pink cactus dahlias and sprays of blue delphinium and the place favors were exquisite corage bouquets of gardenias and foliage, which also bore cards telling the wedding date as September 13. Mrs. Williams left last week for the South, called to Nashville, Tenn., by the serious illness of her mother, and pending her return details of the wedding are in abeyance.

turn details of the wedding are in abeyance.

Guests were Mrs. Elizabeth Crawley, grandmother of the bride-elect. Miss Elizabeth Williams, sister of the bridegroom-elect. Miss Betty Richardson, Miss Jane Woodin, Miss Bussel Woodin, Miss Martha Woodin, Miss Sue Betty Dunisp, Miss Rowens Thom, Miss Virginia Callender, Miss Evelyn Farnsworth, Miss Lucis Robein, Miss Margaret Connable, Miss Mary Marshall, Miss Phyllis Marshall, Miss Patricia Thacher, Miss Elizabeth Whitson, Miss Betty White, Miss Jane White, Miss Jean Lawyer, Miss Helen Clark, Miss Ether Rose, Miss Louise Rose, Miss Nancy Lewin, Miss Nanc Lewin, Miss Mary Louise Sines, Mrs. Robert Casey, Mrs. Rea Callender, Mrs. John Lake Garner, Mrs. Arthur Anderson, Mrs. Pearsall and Miss Pearsall.

For Recent Bride
Honoring Mrs. Lawrence Lacy
Brown, a recent bride, Miss Dorothy Bowen entertained Saturday
afternoon with a luncheon and
bridge at her home in Harvard
Boulevard. Mrs. Brown form-riy
was Miss Florence Frederick. The
luncheon and bridge games were
arranged in the spacious gardens,
which were abloom with fragrant
summer flowers and shrubs. Mrs.
Brown, who returned from Europe
a few months ago, was graduated
from Westlake School for Girls and
later from Stanford University.

At Golf Club

A cleverly appointed luncheon was given Saturday afternoon at the Chevy Chase Golf Club by Mrs. Henrietta G. Laws of Sunland, the affair complimenting Mrs. Walton Craig of Bakersheld and Miss Elizabeth Laws of Santa Monica. A vellow motif was stressed in the flowers and luncheon favors. Covers were arranged for Mrs. Craig. Miss Laws, Mrs. Carolyn Wrigiey of Santa Monica, Mrs. Marie Joules Guthrie of Sunland, Miss Lola Meyer, Miss Edith Meyer and Miss Lisie Jensen, all of Glendale, Mrs. Confirman Swarts of Los Angeles and the hostess.

An attractive wedding of last Wednesday was that of Miss Audrey Evelym Berger, daughter of A. J. Berger of Chicago, to Edward Laurence Kiser of Alhambra at the home of Mr. and Mrs. Ceorge Theodore Parker on West Fortyseventh street.

Dr. Samuel Hitchcock of the Plymouth Congregational Church read the marriage service before an altar of white dahlias and ferms in the presence of relatives and close priends. Mrs. Edna Evans played

friends. Mrs. Edna Evans played wedding music.

The bride wore her mother's wedding gown and vell and carried an arm shower of bride's roses and lilies of the valley. Her maid of honor was her cousin, Miss Rose-Marie Racine, who wore pink taffeta and carried pink and orchid sweet peas. Miss Dorothy Kiser, bridesbaid, wore blue net and carried pink sweet peas. Miss Dorothy Kiser, bridesbaid, wore blue net and carried pink sweet peas. Fred Rhodes of Alhambra served Mr. Kiser as best man.

Following the ceremony the wedding supper was served in the garden, after which Mr. and Mrs. Kiser left on a honeymoon trip to Victoria, B. C. They will return the latter part of August to make their home in Los Angeles.

CUTE ANOTHER

For many years fever has been recognized as a curative or protective effort on the part of the body, and a great deal of experimentation has been made in medical circles in an attempt to accomplish the cure of specific disease by actually producing in the patient, another disease different from the one from which he is suffering. This may sound ridiculous, but it has actually proved beneficial in many cases. Patients suffering from paralysis and insanity have been deliberately inoculated with malaria, and after the fever has run its course there have been reports of cure in from 20 to 30 per cent of the cases. Let me explain what actually happens so that you will not be misled into thinking that a new or mysterious remedy has been developed.

Even in the days of Hypocrates and Galen a moderate fever was recognized as beneficial. Doctors who are accustomed to fasting and dieting their patients know that as best fewer was recognized as beneficial. Doctors who are accustomed to fasting and dieting their patients know that as best fewer has it is my aim to make them as helpful as possible.

Q: Mrs. A. B. asks: "What are the symptoms and what is the cure of tapeworm?"

A: The only absolute proof of the presence of a tapeworm is to find some of its segments in the stool. Sometimes there are symptoms or emaciation, excessive hunger, intestinal irritation and gritting the teeth during one's sleep. The

dieting their patients know that as the patient improves he often passes through acute sick periods which are termed "crisis" periods. We frequently notice an acute skin cruption about a week after taking an exclusive diet of some alkaline-forming food. When the diet is continued a few days longer, the cruption is cleared up and the patient feels much improved in health. This is an effect of the increased alkalinity of the blood which enables the blood to dissolve poisons which have settled in various organs and tissues of the body which, if allowed to remain, slowly but surely produce serious local and general diseases.

These poisons may be discharged

diseases.

These poisons may be discharged through various organs and membranes, according to the type of toxin being eliminated. If through the skin, there may be profuse awasting or skin eruptions; if sweating or skin eruptions; if through the bowels, there may be nose and throat, mucus; through the kidneys, scalding urine or sedi-ment; through the liver, biliousness

the kidneys, scalding urine or sediment; through the liver, billousness or vomiting.

You can see that some of these curative processes resemble the effects of some diseases, and this sometimes leads to conclusions of patients or even doctors, who are not familiar with the effects of various foods on the body.

Sometimes after a few days of dieting or fruit fasting, an individual will develop a feverish condition, with a feeling of debility which may be associated with fleeting pains in the muscles and joints. This is simply caused by the dissolving of toxins which are carried by the blood from their deposited areas to the eliminative organs, and in the process of traveling the toxins come in contact with delicate nerves and irritate them. If the individual continues on the diet, these unpleasant consequences disappear within a few days or hours, and the individual then gains in strength with remarkable rapidity. These symptoms do not occur in many instances, but I want you to know about them so that you will know what is happening if you sometime see such an occurrence.

I do not advise long fasts without supervision, but no one can be injured by a few days of an acid fruit diet, followed by correctly balanced feeding.

QUESTIONS AND ANSWERS

Take a slice of ham two inches thick, rub over the surface of it a mixture of one tablespoonful of dry mustard and tablespoonful of brown sugar. Lay this in the bottom of a casserole, pare and slice

Plannels that have been poorly washed and are hard and shrunken can be restored to their former softness by soaking them in gasoline for a few hours. Then wash in soft soapsuds as usual. Rinse in the same temperature clear water.

tom of a casserole, pare and slice potatoes; very thin and cover the ham to a depth of two or three inches, dot with a few bits of butter, sprinke with a little pepper and cover with milk. Set in the oven and bake in a moderate heat for two hours. One woman successfully cleans her kid gloves at home by soaking them in a jar of gasoline, shaking the jar occasionally. Rinse them in another jar of clean gasoline. This method has been found very successful, is little trouble and saves many pennies. Measure two cupfuls of fresh
lims beans and cook in a double
botier with one cupful of milk for
a hour or until the milk has been
absorbed and the beans are tender.
There should be no superfluous
liquid. Melt one-half a cupful of
butter in a saute pan, add the
beans and let cook until they begin
to brown, lightly tossing them to
or
prevent burning. Just before removing from the pan add two tablespoonfuls of tarragon vinegar
and half a cupful of strained tomatoes, Season with salt and serve.

To Set Colored Clothes A solution of one teaspoon of Ep-som salts to one quart of water is excellent to set the color in colored clothes. It will greatly prevent run-ning if not altogether prevent it.

a modern role for the first time in several years.

All of the actor's more recent film characterizations have had their setting in a more remote period, intelliging those of Don Juan, Chevalier Des Grieux, Prancols Villon, Beau Brummel, and others. However, the role of Ivan Markov in "Tempest" presents the peerless Barrymore as an officer of the Char's army in prewar Russia, and later during the Bolshevik uprising, and is different in every manner from any characterization he has heretofore attempted.

"Tempest" is said to be the most costly production he has ever appeared in. Camilla Horn is seen in her American debut on the screen opposite Barrymore as the princess, leading a supporting cast including louis Wolhelm and others.

SWEET CUCUMBER PICKLES

SWEET CUCUMBER PICKLES

L. D. R., Fontana, Cal.; M. D., Downey, Cal.—Make a brine of two tablespoonfuls of salt, and two quarts of water, and pour over 250 very small cucumbers, and let stand twenty-four hours. Drain and then raur over them a lot of hot water, and again drain until very dry. Heat one quart of vinegar and add to it six cupfuls of brown sugar, remove the heads from one cunce of cloves and tie in a small cloth bag with two sticks of cinnamon and add to the hot vinegar and sagar. Add the drained cucumbers and just bring to a boll. Place the cucumbers in jars and cover well with the hot vinegar, seal tight and store. The addition of a grape or fig leaf while the pickles are boiling will help them to keep their color. Oftentimes the water is at fault that is the reason that your pickles shrink and shrivel.

Jumping from the fourth floor of the California Lutheran Hospital at Fourteenth and Hope streets shortly For the second time in history the port of Los Angeles has exceeded the port of Seattle in customs collections, it was shown in figures for the fiscal year ending June 30, compiled yesterday by the Collector of Customs. The figures reveal a vast increase in collections for the port of Los Angeles.

The Southern District of Callfornia collections for the fiscal year were \$6,402,769.87. compared to \$5,402,845.97 for the District of Washington, a difference of \$1,088, days, for the port of Los Angeles in Southern California's favor. Collections for the same period for the port of Los Angeles alone were \$6,249,907.49, compared to Seattle's \$4,576,889.32, Los Angeles topping Seattle by \$1,573,-217.87.

Dr. Enminger Set for Today

to Mrs. Neff

Funeral services will be conducted at Pierce Brothers' Chapel at 4 o'clock this afternoon for Dr. Allen Franklin Enminger, 30 years of age, who passed away suddenly from heart disease early Sunday morning at his home, 185 South Serrano streef.

Dr. Enminger was a dentist in Columbus, O., for fifty years. He was founder of the Ohio State Dental College, and for many years president of the Dental Association of Ohio. He retired in 1915 and came to Los Angeles, where he had lived since. Dr. Enminger was a thirty-second-degree Mason. He leaves his widow, Harriet C. Enminger, and a daughter, Mrs. Albert Kinsey of Detroit.

Burial will take place at Chesterville, O. Puneral services for Grace Stevens Neff, wife of Abner R. Neff, formerly an attorney of Washington, will be held at 2 o'clock this atternoon at the Hollywood Mausoleum. Mrs. Neff, who had been ill but a few weeks, passed away Friday at the Seaside Hospital, Long Beach.

Although Mr. and Mrs. Neff were residents of Long Beach for the last eleven years, they also have maintained headquarters in Washington during the legislative sessions, and were active in social and club life there.

OFFICERS NAMED IN THEFT

Two Detectives Suspended on Accusation of Slugging DEATH DRINK and Robbing Duo

Accused of having slugged and robbed Samuel Brown, 1343 South Main street, and Max Thurston, 1335 South Main, after inviting them for a ride in a police car, Detective Ted Norton and Harold Jordan of Georgia-street division vice squad were ordered suspended yesterday by

Georgia-street division vice squad were ordered suspended yesterday by Police Commissioner Thorpe.

According to the asserted victims, they were standing at Four-teenth Place and Main street last Wednesday night waiting for a street car when the officers passed in a police automobile and stopped to question them. When told where they were going, Thurston said, the officers told them to climb in and they would take them home. They accepted the lift.

At Jefferson street and Norman-die avenue, as they were allighting from the machine, the men said, they were slugged and Thurston was robbed of \$72.

The accused officers deny the accusation, insisting that both Brown and Thurston were intoxicated. However, they admit having given them a ride.

No date had been fixed for the officers' hearing yesterday.
